

Cadillac Jack Unveils Portfolio of New Products and Technologies at the 2006 Global Gaming Expo (G2E)

DULUTH, GA and LAS VEGAS, NV, Nov 13, 2006 – Cadillac Jack, a leading provider of electronic games to the global gaming market, will unveil its exciting portfolio of new products and technologies at the Global Gaming Expo (G2E) on November 14 – 16 in Las Vegas, Nevada.

G2E, the gaming industry's largest tradeshow, provides Cadillac Jack the opportunity to showcase its newest innovations including Cadillac Cash™, the company's new Wide Area Progressive, and its new predictive analysis tool, the Vision Yield Management System, in Booth #2383. The company will also feature a variety of new server-based downloadable video, multi-denomination, and mechanical reel game themes for the Class II and Class III Compact markets, as well as new international games for the Mexican and Latin American markets.

"We are very excited to introduce our new technology and products to our customers at this year's G2E," remarked Greg Gronau, President of Cadillac Jack. "Last year, the company launched its new image and new game library. This year we will present two significant new product lines – Cadillac Cash and the Vision Yield Management System – which will help to drive our customers to new levels of profitability."

Experience the Difference – Cadillac Cash

Cadillac Cash, the company's new Wide Area Progressive will be showcased on center stage in the Cadillac Jack booth at G2E. The unique new progressive features instant cash payouts with an expected average jackpot of \$250,000. Featuring multiple game themes linked to a common progressive jackpot, Cadillac Cash is anchored by three of Cadillac Jack's top performing games, Rock Paper Scissors, Dr. StrangeLuck, and Lusty Devil.

Cadillac Cash will be demonstrated in the booth using both English and Spanish game themes and progressive displays.

Discover the Value of Downloadable Games - Vision Yield Management System

Cadillac Jack will provide an intimate preview of its new Vision Yield Management System to special guests throughout each day of the show. This new web-based, predictive analysis tool helps casino operators maximize their profit based upon actual business analytics. The Vision Yield Management system works seamlessly with Cadillac Jack's server-based systems, as well as other server-based systems, to analyze slot machine performance and forecast trends in order to determine the most efficient and profitable point at which to make theme changes.

New Server-based Games

The company will showcase its newest video and mechanical reel games for the Class II and Class III Compact gaming markets. Based upon Cadillac Jack's industry leading server-based game technology, the company's games are able to quickly and easily transform from a Class II game to a Class III Compact game format right on the casino floor.

New video reel game titles include Genie's Jackpot, Fruit Party, Surf Rider, Jukebox Jam, Your Lucky Day and Wildball Tsunami II. Cadillac Jack's booth will also highlight 5 of its newest mechanical reel games - Crazy Vegas, Chili Fiesta, Cave Age Cash, Super Hot 7's and Reel Diamonds.

Multi-denomination games which allow the player to select the denomination of the credits to be wagered will also be presented on Cadillac Jack's most popular game themes, including Dr. StrangeLuck and Top Speed.

International Markets

Cadillac Jack will feature its Spanish language Electronic Video Bingo games and its new series of Latin-style Bingo games for the Mexican and Latin American markets during G2E. The company's new Latin Bingo games utilize either four or six bingo cards and offer players the option to purchase additional balls for the chance to win. New titles include Galactic Bingo, Medieval Legends Bingo, Universal Bingo, Mellow Yellow Bingo and Carnival Bingo.

All games in Cadillac Jack's international game library feature the Cashless Wagering system and are offered in two distinct cabinet styles.
